Dear Mr. Matsoukas,

The Ronald McDonald House is about the power of families staying together. The West family knew about the House because their five-year-old daughter, Hailey had donated her birthday presents for kids staying in the House. At the time, they had no idea they would end up needing it.

The West's were thrilled to be adding twins to their family and Hailey couldn't wait to be a big sister. Happiness turned to fear when emergency complications brought Landon and Corbin six weeks early. The West's now faced the scary proposition of the family being apart, "I was not leaving without both of my babies. I was terrified and stressed," says mom. Ronald McDonald House became her home for three weeks while dad and Hailey travelled from Defuniak Springs on the weekends. Mom credits the friendships she developed at the House for helping her cope with the separation, "You have some really emotional days and the whole family is on a roller coaster. It's the scariest thing I've ever been through. Just knowing that other people are going through the same thing helped get me through this time."

For this mom, being apart from her babies never entered her mind, despite the financial burden of being away from home. It's simple, donors like you allow her to focus on what's important. Please accept our heartfelt gratitude for your generosity. For more information, call 850-477-2273 or visit www.rmhc-nwfl.org. Caring for Families,

Judy
